## FALL YARD MAINTENANCE

---

---

We are now well into the Fall Season, so we wanted to share tips for maintaining your yard and the proper disposal of leaves and yard clippings. Rake leaves often and place them in bags to avoid large piles building up on your lawn. This is also a reminder to all homeowners that it's their responsibility to maintain their yards and to be mindful of your neighbors and not allow your leaves to blow into their yards.

In addition, after all the leaves have fallen, consider trimming shrubs and trees. These steps will help your yard be healthy in 2024.
